

Prayer Calendar February 2025

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	<p>The political landscape is changing rapidly as President Trump begins his first 100 days in office with a flurry of Executive Orders being signed the first week of his second term. Foreign aid is on hold for 90 days until President Trump is able to review whether the aid is in alignment with his policies. He has taken steps to protect Americans from a multi-pronged invasion from the southern border--an invasion of drugs, illegal aliens, human traffickers and violent foreign criminals. He is smoothing the way for the US to become energy independent again, and he is taking steps to put the US back on equal footing with its competitors in the international marketplace. He also has a plan to reduce the bloated size of the federal government.</p>					<div style="border: 1px solid black; padding: 2px; width: 20px; float: right;">1</div> <p>Pray for God's strength and fearless confidence to confront the evil before us</p>

<p>He is taking steps to protect the most vulnerable members of our country, the unborn. He reinstated the Mexico City policy and canceled any federal government programs that would pay for abortions. At least a thousand late hires by President Biden to emplace people who could undermine the new President have been fired, and numerous others who used their position to attack President Trump have retired/resigned in order to not be fired. Some of those include top leadership positions in the Justice department. All of these changes may be good, and good for Americans, but unless American hearts are transformed by the love of Christ, these surface changes can be reversed with the very next election cycle if Satan is able to sway people to elect his servants of death and destruction. Just as the Republican party has maybe two years to right the ship of state, so does the body of Christ have a limited amount of time to lock in to Jesus' leadership and to seek God's intervention to bring another spiritual awakening. What's <i>your</i> plan?</p>
