

Prayer Calendar July 2026

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	Wow, we have made it to our 250th birthday! I wonder what our founding fathers would think if they could see us now? I would like to think that most Americans are excited to celebrate such a milestone, but I know there are many who would like to change the Constitution in ways that would make this country unrecognizable to those who pledged their lives, their fortunes and their sacred honor to birth this amazing nation. Because we are still a nation under God, we have earned the enmity of the great deceiver, who is working behind the scenes to remove our Cornerstone, Jesus Christ, from the foundation laid by our forefathers. I know we cannot let our guard down in defending our country, but God is present at all times to keep us safe: "The angel of the LORD encamps around those who fear him and delivers them (Psalm 34:7)." Need to rest now and again? God will watch over you: "In peace I will both lie down and sleep; for You alone, O LORD, make me dwell in safety (Psalm 4:8)." Enjoy the fireworks, but keep an eye on the sky, and your heart tuned in to God's voice.
