

Prayer Calendar August 2026

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
		Wow, summer has flown by once again, and the kids and grandkids are preparing to return to school! It has been an unusual summer, weatherwise, as wild fires in Canada and NE Minnesota sent air pollution alerts throughout the Midwest and Northeast. Meanwhile, southern states like Texas endured another drenching of rain that caused major flash flooding in numerous counties in the South. How are we to interpret these phenomena? Shall we agree with the environmentalists, that our pollution of the environment has caused these disasters, or would it be more appropriate to acknowledge God's sovereignty and accept His judgment				1 Pray that parachurch organizations will still be able to connect with our kids & families

30 Pray that strong moral discipline will be re-instituted in our churches	31 Your local schools, President Trump, Spkr Mike Johnson, Sen. John Thune	that we have morally polluted our hearts as a nation, by walking away from God to begin following the god of Nature, or the god of Finance, or the god of Pseudoscience . . . or the god of Political Power? In a nation where Congress can't even approve commonsense legislation that would protect our voting system, it seems that the problem is deeper than the planet's surface. But the solution begins with God's people. Just as Daniel identified with the sins of his people (Daniel 9:1-19), so we need to accept our role as part of the problem, and seek God's mercy for us and our Nation.
